Dear Arthur:

I recieved a letter from Evelyn Hooker today (finally!). It said (in toto):

" Dear Mr. Leitsch:

Thank you for your kind comments about my appointment as chairman of the National Institute of Mental Health task force and for the assurance of cooperative support of Mattachine Society of New York

" I believe that the best way of arranging for a meeting is to have Mr. Wade contact Judge Plowscoe directly. In addition, I would be most appreciative of any suggestions Mr. Wade wants to make to the committee if he cares to put them in writing to me.

Cordially,
(Mrs.) Evelyn Hooker"

You can take it from there, knowing I'll support anything you do -- but let me know of any actions you might take. Plowscoe's address, in case you may have misplaced it, is 125 Riverside Drive, NYC 10024. (That's evidently his home; I have no other address for him.)

Regards,
Dick
