Dear Arthur:

I received the other day copy of Bill Wynne's nice 4/15 letter to you commending you for your good work with the Legal Committee. The thought then occurred to me that your Legal Committee had not been granted any allocation under the 1970 budget at the 1969 NACHO. I know - or at least I think I recall - that this was in accordance with your wishes at the time. However I know that you must be racking up some personal costs in connection with your work here - particularly in the area of phone and mail communications, and it would seem to me that you ought to be accepting reimbursement for some of this. Inasmuch as some of this year's NACHO Committees which were allocated budgets ~~xxx~~ either seem to be not functioning at all or functioning at a low level, and since registration fees seem to be rolling in at a fairly decent rate I would cautiously anticipate that there could well be a surplus under which additional allocations could be made (after reimbursing Wynne for his large outstanding loan). Hence if you so desire, why dont you send me your expense info from time to time and I will write up claims for you and present these to the 1970 Conference for their consideration (there will likely be some other uncovered claims in unbudgeted areas as well). I rather hate to see some persons getting reimbursed and others, out of modesty and charity, declining to do so. But I only suggest, you do as you choose. If you do desire reimbursement, though ~~w~~ it would be helpful to me if every once in a while you let me know what its adding up to (details etc.) so that I dont get hit suddenly with things at the tail end. Again, congratulations for your continuing behind-the-scenes work.

Foster
