Mr. David Clayton, Esquire  
Society for Individual Rights, Inc.

San Francisco, California 94103

Dear Mr. Clayton:

For want of your address, I am taking the liberty of sending this to Mr. Jack Perpich of S.I.R. for forwarding to you.

The NACHO legal committee is planning a very extensive programme during the August conference. During that time I am most anxious to meet with you and with others who were, until recently, associated with the National Legal Defense Fund, for the purpose of discussing matters of mutual interest. In addition to strictly legal problems, there are certain organisational questions which I should like to discuss having to do with the legal committee's status. These include the possibility of incorporation, the question of tax-exempt status, and ways in which foundation support may be obtained.

May I ask you, therefore, to arrange for such a meeting, and to see that other interested persons with National Legal Defense Fund connexions attend? I should be most grateful for your assistance in this matter.

Yours very sincerely,

Austen Wade, chairman  
NACHO legal committee

cc: William E. Wynne

P.S. I plan to arrive in San Francisco well in advance of the conference, probably on the 20th or 21st of August.
