Re: American Bar Association

Dear Arthur:

I thought you would like to know that the Council of the Section on Individual Rights & Responsibilities of the ABA, at its meeting on May 12th in Washington, formally adopted the consenting adults resolution and an accompanying report which I had prepared. The resolution is identical to the version adopted by the Criminal Law Section. I do not yet have authorization to release the report, however, so I cannot send you a copy at this time.

Sincerely,

E. Carrington Boggan
