

NATIONAL COMMITTEE

1 July 1974

Mr. Lloyd Rigler
The Adolph Foundation
1800 West Magnolia
Burbank, California 91503

Dear Mr. Rigler:

I trust that you have now had an opportunity to read the material which was submitted last January to Dr. Elias of your Foundation on behalf of this Committee and the proposed Sexual Law Reporter.

I cannot help feeling that it is unfortunate that you were not apprised sooner of our proposal -- which Dr. Elias described at the time as "the best proposal that the Foundation had ever received." It is my hope that I may hear from you in this regard.

As I indicated to you over the telephone when I spoke with you, the Reporter has been planned as a joint project of this Committee and the American Civil Liberties Union. The actual printing, publishing, and distribution will be done by the Playboy Foundation, whose attorney, Mr. Burton Joseph, was involved in some of the preliminary planning. I might add that Mr. Stanley Fleishman, the Los Angeles attorney, will be on the Reporter's Board of Directors. I should be only too glad to answer any questions you may have regarding the project.

I look forward to hearing from you.

Very sincerely yours,

Arthur C. Warner
