Dear Walter:

This last weekend I had the opportunity to meet Dale Martin and Phyliss Lyon. They had a very tight schedule so I was not able to talk to them too extensively. However, I mentioned the meeting of the National Committee for Sexual Civil Liberties here in Denver in May. I should say that actually I only mentioned this to Phyliss Lyon. She was very interested in the organization, and hadn't heard of it before. She said she was acquainted with you and that she knew several women lawyers who might be interested in the committee and in attending the conference. I suggested that she contact you.

In my conversation with Arthur, I got the impression that there weren't too many women involved in the committee's work, and it is the general opinion that more women should be more directly involved. If you wish to contact Phyliss, here is her address and phone number: 651 Duncan Street, San Francisco, California 94131, phone number: 824-2790.

Best regards,

  
Gerald A. Gerash
