Re: AALS Resolution

Dear Tom:

The resolution introduced into AALS by Walter Barnett was postponed by that body until next year until consideration could be given to its merits by the AALS Executive Committee.

Dean James C. Kirby, Dean Ohio State University Law School and L. Orin Slagle, Assistant Dean of the Ohio State University Law School, both attended the AALS meeting and intended to support the resolution and assist in its passage. However, Maurice Rosenberg misplaced the resolution early in November and did not place it on the agenda as had been promised. By the time a copy of the resolution was obtained the Executive Committee had finished its business and against the protests of Dean Slagle postponed until next year action on the resolution. I was very disheartened by these events, however feel that we should pursue this matter with the Legal Education section of the American Bar Association.

Sincerely,

Craig W. Patton
