

# SEXUAL LAW REPORTER

## Subscription Information

The **SexuaLawReporter** is a legal periodical published by the Sexual Law Reporter, a non-profit corporation. The SLR has been published on a bi-monthly basis since April 1975 with the assistance of The National Committee for Sexual Civil Liberties and more recently with the assistance of The Playboy Foundation. Starting in 1978 the SLR will be published on a quarterly basis.

**Typical contents** of an SLR include reports of current developments in sexual law involving legislation, court cases, and administrative rulings, as well as original articles on subjects such as rape, transsexuals, abortion, prostitution, homosexuality, and alternative lifestyles; also law review articles of special interest and book reviews as space permits; special issues feature reprints of the texts of noteworthy reports and decisions handed down in landmark cases.

**SLR subscribers include** the leading law schools, municipal and governmental libraries, attorneys, judges, professors, law students, counselors, therapists, civil liberties and research organizations, as well as professionals from such disciplines as medicine, political science, psychology, theology and sociology.

# SEXUAL LAW REPORTER reviews

... Please accept both my compliments on the outstanding professional quality of this publication and my sincere appreciation and gratitude for your service to the legal community in providing a scholarly legal review which covers this too-long-neglected area of the law.

*Attorney, Los Angeles*

... Your SexualLawReporter promises to fill a great need and a big gap in the literature. I hope it flourishes.

... A job well done. The time and efforts of you and your staff are appreciated. As an AASECT Certified Sex Educator I find it a tremendous help in keeping me current. Appearing in State and Federal Courts as an expert witness in obscenity and pornography cases (defense), I find your publication most helpful. As a Sex Counselor and Sex Therapist this is extremely timely, especially so for those sexual cases sent to me by the courts. Feeling that a word of sincere praise never hurt anyone, I felt I'd add a note to my renewal payment.

LOREN G. BURT, M.D.

... The SexualLawReporter is a new and important contribution. It is very helpful to anyone concerned with the fast-developing law of sexual privacy.

ARYEH NEIER  
*Executive Director  
A.C.L.U., New York*

... I think the SLR is a worthwhile and informative publication. Keep up the good work.

ELAINE NOBLE  
*State Representative  
Boston*

... We are impressed with what you are doing with your new publication and feel it will make a significant contribution to the field of human sexuality.

WILLIAM E. HARTMAN, Ph.D.  
*Director, Center for Marital and Sexual Studies  
Long Beach*

... We find your publication very worthwhile and much needed.

DAVID MARTIN  
*Editor, "Student Lawyer"  
An ABA Publication*

... This is a very good publication. Professionally done, good content, well written, visually pleasing. Thanks.

JEAN HOLTZ  
*National Organization for Women*

... You have approached a subject of great sensitivity in a thoroughly responsible manner, in the tradition of other law reporters. It seems to me that your dedication and professional foray into a delicate field of human activity is in keeping with the highest tradition of the Bar. Your initiative and tenacity are among the fine and noble virtues of every pioneering effort which has ever led to social change. May your efforts be rewarded within a few short years.

G. KEITH WISOT  
*President, Los Angeles County Public Defenders Association*

... In the classes in Human Sexuality taught the senior medical students at CMDNJ-New Jersey Medical School, I have found most students limited in their awareness of the range of journal and periodical material available in the area of sexuality. In order to be more effective physicians, I feel they should at least be acquainted with the SexualLawReporter, and may wish to subscribe.

MARTHA D. CALDERWOOD, M.A.  
*Human Sexuality Program  
New Jersey Medical School*

... Don't expect quick thrills, lurid gossip, or even easy reading. That's not the SLR's gambit. Instead, it's a serious, sometimes "heavy" and consistently vital source of detailed news, case summaries, and opinion on what has been aptly termed "the fast-growing law of sexual privacy." Recurring SLR topics — like gay rights, decriminalization of prostitution, sodomy, and other consensual acts; sexual assault; discrimination against transsexuals and transvestites; abortion; "illegitimacy," and sterilization — directly involve millions of people. Moreover, the reports, essays, and book reviews raise and examine basic ethical and civil liberties issues that ought to concern nearly everyone. Recommended for law, counseling, and social work collections, as well as large public, school, and college libraries.

SANDY BERMAN  
*Library Journal, 1977*

... This important publication is the only way I know to keep up with what is going on in the legislatures and in the courts!
